

Sanktionsplattformens länksamling är en plats där olika länkar relaterade till sanktioner finns samlade. Infallsvinklarna som erbjuds i länksamlingen omfattar bland annat länkar till internationella sanktionsaktörer, samt organisationer, forskningsprogram, och NGO:s som arbetar med sanktioner. Länksamling spänner således över en rad olika områden för att skapa en övergripande förståelse kring sanktionsverktyget.

The link collection on the sanctions platform is containing links that are related to sanctions. By covering different approaches to sanctions the link collection includes links to international sanctions actors, and organizations, research programs and NGO's, that work with sanctions. Thus, the link collection cuts across different approaches to sanctions in order to create an overall understanding of the sanctions tool.
